Engineered Stained Sappeli Staircase

Our Canaveral Groves customer had several contractors on his new build that were unreliable and unscrupulous so by the time the build came to flooring, he said his hopes were terribly low. Fortunately for him, he called us. We installed his contrasting staircase and hardwood flooring throughout, on time and at the price quoted.

Of all the contractors who worked on his home, Better Hardwood Flooring is the only one he would recommend again and that is why we do what we do.

Prefinished Laminate Flooring Staircase in Maple.

A lot of local flooring companies were not interested in making a wood laminate staircase. At Better Hardwood Flooring, we welcomed the opportunity to make our Cocoa Beach customer exactly what they asked for, a beautiful custom laminate staircase that perfectly matched their new laminate flooring.

Tigerwood Treads with White Painted Accents

Nothing quite compares to the look of beautiful natural Tigerwood. At our Indialantic customer's request we created a one of a kind Tigerwood and white accented staircase that was exactly what they had envisioned.

Solid Maple Custom Staircase

We recently had a Palm Bay customer with a very specific vision of his perfect staircase. With his ideas and our skill, we handcrafted a staircase that truly surpassed his expectations, something we strive for in everything we do.

Better Hardwood Flooring

We strive to live up to our name with every customer and every floor.
